William McElroy : Fences and Retaining Walls before purchasing it in order to gage whether or not it would be worth my time, and all praised Fences and Retaining Walls:

11 of 23 people found the following review helpful. Techniques for building sturdy, long-lasting worksBy Midwest Book ReviewFences Retaining Walls by construction industry veteran and expert Bill McElroy is an extremely practical, "user friendly" manual for building professional quality boundary markers and retaining structures including picket and chain fences. McElroy covers fundamental aspects of fencing and wall building including gates, wiring and plumbing in retaining walls, rock walls, and much more. A by-the-numbers guide, Fences Retaining Walls also covers safety considerations, cost estimation, keeping track of accounts and paperwork while building, as well as dozens of invaluable tips, tricks, and techniques for building sturdy, long-lasting works.23 of 34 people found the following review helpful.
