Jerri Ferris, Tim Himsel : Fences, Walls Gates (Black Decker Outdoor Home) before purchasing it in order to gage whether or not it would be worth my time, and all praised Fences, Walls Gates (Black Decker Outdoor Home):

0 of 0 people found the following review helpful. Three StarsBy EW RafalskeGood reference book0 of 0 people found the following review helpful. Missing directionsBy GerstleygirlI purchased this book for the specific design with the Lattice Gate and Arbor as shown on the cover, however the directions and material list for that particular design were not included in this book...Otherwise a great book if you have your heart set on another design...0 of 1 people found the following review helpful. so soBy MonkeyfuAs far as the book goes it is great it arrived in good condition and the book has very helpful instruction. But the shipper (not) did a terrible job getting it my house. It shipped from my home state and it still took almost a month to get here. I was not happy about that.

-- Includes standard fence and gate designs, such as wood picket and chain-link, but also features decorative outdoor

wall and gate treatments.-- Includes complete plans and directions for several archways and arbors.
