Mickey Baskett : Flea Market Furniture Makeovers before purchasing it in order to gage whether or not it would be worth my time, and all praised Flea Market Furniture Makeovers:

7 of 7 people found the following review helpful. Please make me over...By Kit Kat's KornerMy first encounter with this publication was through our local library. As an avid reader and collector of endless ideas for my home, I found this book to be inspirational. Okay, so my mundane painting classes did not create a Rembrandt, but I still can pull off these interesting projects with a little cunning imagination. For those of us who lack painting skills you can choose a few alternatives for making these items come to life. My choices would be decoupage and/or stencilling. For those with a gifted paintbrush these projects would be fantabulous. One or two of these cleverly executed pieces would be great accent pieces in a home.0 of 0 people found the following review helpful. It was a disappointment to meBy Patricia A. ArndtIt was a disappointment to me. Only because I did not realize how much I already knew in the area. I passed it on to a first time makeover "artist" and hope they get more out if it. Very basic, not very inspirational to me.1

of 1 people found the following review helpful. MakeoversBy Kathee E. SteubingVery disappointed. I can't paint and this was all about painting furniture with pretty pictures, etc. This was not what I had anticipated.

What can make a \$3 flea market chair look like a \$300 boutique piece? Just a little paint and the most basic techniques. In these beautiful pages, crafters will discover the key to transforming old and cast-off furniture into fantastic and fanciful works of art. A range of designs are on display, from rustic to refined, simple to sophisticated. Select from decorative painting, decoupage, crackling, distressing, sponging, staining, stamping, and stenciling, and follow the detailed instructions, photos, and patterns to success. Decorate a cabinet in charming country chic with a rooster and a trompe l'oeil napkin peeking over the drawer. Go retro with 50s-style kitchen chairs. Or make a Rose Armoire, Baby Memories Photo Screen, and many other one-of-a-kind showpieces.
