Tom Macubbin : Florida Lawn Guide: Attaining and Maintaining the Lawn You Want (Guide to Midwest and Southern Lawns) before purchasing it in order to gage whether or not it would be worth my time, and all praised Florida Lawn Guide: Attaining and Maintaining the Lawn You Want (Guide to Midwest and Southern Lawns):

0 of 0 people found the following review helpful. Very Good information By D. Brown This was a very good book to begin with on taking care of your Lawn here in Florida. If you have lived in other parts of the country and never had to

manage any type of southern lawn, this is a must have to start understanding how to. Tom MacCubbin clearly explains things in this book and is very knowledgeable. This book isn't going to have you qualified to be a master gardener or extension agent, but will give you a better understanding on how to take care of your lawn. Highly recommend this to any Floridian that wants to learn more about Florida lawn care.0 of 0 people found the following review helpful. Not off the chartsBy Andrew C. Rodenot as informative as I'd hoped. A bit basic. I think you may be better off with a different guide.0 of 0 people found the following review helpful. Four StarsBy RT PANCHALUseful book

The Lawn Guide Series takes the mystery out of lawn care and maintenance. The book describes how to properly plant, fertilize and water as well as recommendations on how to address the inevitable lawn problems.
