I bought it decades ago, but somehow lost it. I missed it so much that when I found it on .com I had to replace it. It has all sorts of clever ideas for repurposing things inexpensively. The photos do a great job of showing you what something repurposed can look like with a bit of imagination. I recommend this for the person just starting out on their own as well as for the person that wants to freshen up the family home. Beautiful and useful! 0 of 0 people found the following review helpful. Four Stars By Peter Dno problems 0 of 0 people found the following review helpful. "Found Objects" found again. By Lady Deblyn I had this book 30+ years ago and wanted to replace my copy after losing mine in hurricane Wilma. It is one of my favorite books ever.

A great book for designers.
