Francois Halard, Isabelle Dupuy Chavanat : Francois Halard before purchasing it in order to gauge whether or not it would be worth my time, and all praised Francois Halard:

1 of 1 people found the following review helpful. Highly recommendedBy AnniePierre Berge hit it on the head, I think, when he wrote in this book's preface: '.....It would be wrong to claim that these photographs, like the books of Mario Praz, are futile. To do so would be to forget that the works ask questions--and reveal truths-- about society. In the same way that a still life by Lubin Baugin allows us to understand the seventeenth century better than long explanations, Halard's photographs reveal to us a hidden underside of a world that is our own, and which we do not always know how to see.' Inspirational, if not philosophical in its tour of the sometimes chic, sometimes noir perspectives and spaces of some of the most creative people of our time.11 of 11 people found the following review helpful. Wonders, wondersBy Yuanzeng LuI love the book and finally own it. It is an art book. Those who are looking

for tips of home decorations may become disappointed. 0 of 0 people found the following review helpful. Two Stars By Tabor Porter Boring

This extravagant volume is the magnum opus of today's most celebrated interiors photographer. One of François Halard's first assignments, to photograph Yves Saint Laurent's legendary Paris apartment when he was in his early twenties, cemented his reputation as one of the most original eyes of our era. His unique photographic sensibility—old-world elegant and bohemian, accessible and personal—is instantly recognizable. Thirty years later, Halard still captures our imagination with his breathtaking photographs. Included in this highly anticipated volume are Halard's images of the glorious homes of the most important tastemakers, artists, and designers of the twentieth century: Axel Vervoordt, Roger Vivier, Richard Avedon, the Duchess of Devonshire, Julian Schnabel, Schiaparelli, Carlo Mollino, Balthus, Coco Chanel, Yves Saint Laurent and Pierre Bergé, and many more, including Halard's own homes in New York, Paris, and Arles. Photographed in his inimitable "grand manner," often for *Vogue*, this book also shows for the first time the more intimate "house portraits" that Halard would photograph for himself, where his personal vision shines through. François Halard will be a coveted, indispensable resource for all lovers of interior style and a master class in visual education.
