**From Brand: Ancient City Pr : Furniture from the Hispanic Southwest: Authentic Designs** before purchasing it in order to gage whether or not it would be worth my time, and all praised Furniture from the Hispanic Southwest: Authentic Designs:

0 of 0 people found the following review helpful. Southwest furnitureBy Flora FondaI ordered this book for someone who does woodworking. He was very pleased with the book and said that it would be very helpful to him.0 of 0 people found the following review helpful. Great for becoming familiar with the styleBy Nathan OswaldMostly drawings and designs from the 1930s wpa NM furniture. Great for becoming familiar with the style, but probably not something you'll use to make a real plan. Good value at price.0 of 0 people found the following review helpful. Copy of the Original Blue BookBy BarneyTombI managed to get a copy of the original Blue Book through Inter-library loan. This book is an exact copy of those sheets. If you're wanting to see where the Southwest Furniture movement started from,

this book gives you a clear starting point. It contributes greatly to the experience when combined with the other three available books on actually building Southwest furniture. If you're looking for a reference on the Southwest Furniture movement this is a good book to add to your collection.
