Peter McHoy : Garden Basics before purchasing it in order to gauge whether or not it would be worth my time, and all praised Garden Basics:

The definitive practical reference book on planning and maintaining your garden throughout the year.

About the Author Peter McHoy started his horticultural career as a seed analyst, but soon moved into magazine journalism so he could share his enthusiasm for plants and gardens with others. During this time he worked on several gardening magazines, both as an editor and a consultant.
