John Brookes : Garden Design Workbook: A Practical Step-By-Course before purchasing it in order to gauge whether or not it would be worth my time, and all praised Garden Design Workbook: A Practical Step-By-Course:

5 of 5 people found the following review helpful. Great accompaniment to his class at My-Garden-School.com By Tridoc927I took an online course from the above with the author. This book perfectly illustrated so many of the concepts discussed and should be the class textbook. I especially loved the sample vellum pages showing the deconstructed forms and shapes of the landscape images. 0 of 0 people found the following review helpful. Visionary Garden By Leilani S. Hall Clear instructions that give you the foundation to design...in my case...a large garden that can be implemented in phases. 0 of 0 people found the following review helpful. Garden Design Workbook: A Practical Step-By-Course By Ray Johnson There are some really helpful hints and instructions for practical design of your own garden. Book as described. Thank you.

Beginning with site assessment and needs definition, a practical step-by-step course in garden design shows how to get ideas on paper, offering a section of survey techniques and design grids and explaining how to make your dream garden a reality.
