**Peter McHoy, Tessa Evelegh : Garden Planning Garden Design: 500 Ideas Professional Plans for Fantastic, Easy Garden Improvement** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Garden Planning Garden Design: 500 Ideas Professional Plans for Fantastic, Easy Garden Improvement:

0 of 0 people found the following review helpful. Love it. Great Product By Customer Love it . Great Product. Fast Delivery 0 of 0 people found the following review helpful. Very much instructive foto's and comment! By Customer Very much instructive foto's and comment! 1 of 2 people found the following review helpful. I love this book By S. Williams I love this book! Not just a collection of pretty pictures of gardens, (although there are lots of them) this book actually helps you to think through your own designs. Tons of clever ideas provide a starting point,

and her helpful hints can save you from a great many "learning" experiences figuring out why what you have isn't what you want.

This superb handbook encourages you to look at what you want from your garden and shows how to achieve it. There are original plans for over 50 gardens, grouped into the most popular styles, including Japanese gardens, low-maintenance gardens and wildlife gardens. Packed with clear advice and inspirational projects, this is ideal for those wishing to design, transform and enhance a garden room.

About the Author Peter McHoy is a well-known author and journalist. He first worked as a seed analyst, but moved into magazine journalism. He has written more than 60 books and writes gardening features for a number of magazines. Tessa Eveleigh is a writer, stylist and craft artist. She writes about using plants and flowers in the home and contributes to The Sunday Times, the Telegraph magazine, Inspirations, Period Living and BBC Good Food. She is the author of 500 Decorating Tips for the House Garden (Southwater).
