I scanned through it while our guest lecturer was speaking and immediately knew I needed to add it to my gardening library. I have refered to it numerous times to solve questions I have been asked and have found a good explanation every time. It's format is easy to use and the color pictures are sooo helpful. As an advanced master gardener I would highly recommend it.0 of 0 people found the following review helpful. Gardening Problem SolverBy Marilyn ToddHelps solve gardening issues. Love the picture in the book to identify problems you might not be familiar with. This is my go to book for referencing problems.0 of 0 people found the following review helpful. Its ok,By B. GoodlettThe service and speed of receiving the book was great. The book is only OK for the price, It may be good for beginning gardeners but as a long time avid gardener I have found other

books much better and more thorough.
