Since its creation in 1977, Jan Joris Garden Architecture has become one of the main garden design firms in Western Europe, with trendsetting projects in a timeless and contemporary style. A beautiful book with twenty exceptional gardens in lush settings.

About the Author Wim Pauwels, founder and managing director of Beta-Plus Publishing, began putting out a series of books in 1997 about architecture and interior design. So far the company has published more than 250 titles dedicated to certain themes (such as living rooms, bathrooms, kitchens, children's rooms, antique building materials, restoration, renovation, gardens and swimming pools), plus monographs of architects and interior designers, manuals and

yearbooks about timeless and contemporary architecture and interiors. For each book he enlists the assistance of authoritative specialists for the introductory texts and photograph captions.
