**(author) Sydney Eddison : Gardening for a Lifetime: How to Garden Wiser as You Grow Older (Paperback) - Common** before purchasing it in order to gage whether or not it would be worth my time, and all praised Gardening for a Lifetime: How to Garden Wiser as You Grow Older (Paperback) - Common:

0 of 0 people found the following review helpful. Excellent information, easy to read, highly recommendedBy DianeI love this author and this book does not disappoint! Tons of worthwhile advice and tips for downsizing and eliminating garden maintenance.0 of 0 people found the following review helpful. It was a wonderful read. I will use it as a resource ...By CustomerIt was a wonderful read. I will use it as a resource for future planting.

Gentle, personable and practical, helps transform gardening from a daunting list of chores into a rewarding, joy filled activity. Part touching memoir about scaling back in the garden, part warm how-to guidebook, this is an encouraging road map for accepting and embracing a new and simpler way of gardening as you grow older.
