**Donald M. Hastings Jr. : Gardening in the South: Vegetables Fruits (Gardening in the South with Don Hastings)** before purchasing it in order to gage whether or not it would be worth my time, and all praised Gardening in the South: Vegetables Fruits (Gardening in the South with Don Hastings):

2 of 2 people found the following review helpful. Excellent reference By Koparcener Mr Hastings presents an excellent reference for anyone who is interested in gardening down south. The southeast presents unique challenges to

gardening from heavy soil (clay) or sand, humidity, hot dry summers and insects or disease. This book gives you a proven list of southern performers for your garden with instructions where to plant and how to care for your plants so whether you are new to the south or an established southern gardener you have a ready resource for sun or shade, height , color and season. Anyone planning a garden project down south will save time and money with Mr Hastings help and it is a fun read as well.0 of 0 people found the following review helpful. Love this book so I bought it for a friendBy Joan deHavenLove this book soI bought it for a friend!0 of 0 people found the following review helpful. Worth every penny...By Ernie OdomThis is the only book you will need if you live in the South.

This second volume in the Gardening in the South series gives readers a complete course in growing fruits and vegetables.
