DK Publishing : Gardening Step by Step before purchasing it in order to gauge whether or not it would be worth my time, and all praised Gardening Step by Step:

0 of 0 people found the following review helpful. BeautifulBy MainahGreat book with beautiful pictures and detailed information on all aspects of planting and maintaining healthy plants and gardens. Fours stars because it never mentions planting zones which would have been very helpful0 of 0 people found the following review helpful. Five StarsBy stillsingingthe best gardening book we ever bought0 of 1 people found the following review helpful. Won't teach you to water and weedBy DavidI'm really planning on expanding my garden. I have very concrete visions of what I want in my salads, and I'm hoping this book will give me some plans for achieving them.

This gardening manual offers practical tips, checklists, charts, and step-by-step instructions taken from the best of DK's popular Simple Steps to Success series. With beautiful illustrations and an easy-to-follow format, Gardening

Step by Step shows you how to keep your garden gorgeous all year-round.
