Barbara Segall : Gardens by the Sea before purchasing it in order to gage whether or not it would be worth my time, and all praised Gardens by the Sea:

0 of 5 people found the following review helpful. Un po' truffaldinoBy Lidia ZitaraUn libro un po' truffaldino: ci si sarebbe immaginati giardini al mare in quelle zone tipo i porteros, dove le erbe crescono a ridosso della spiaggia, oppure giardini in zone di riviera, dove la stratificazione culturale e territoriale ha portato a risultati finissimi. Invece i giardini illustrati sono un po' pacchianelli e da arricchiti. Le foto sono tragiche. Scarsissima qualit, si vedono benissimo i fotoritocchi e in moltissime anche i pixel. In complesso io lo lascerei perdere a meno che non siate monomaniaci.

This work highlights 20 of the world's most inspiring coastal gardens. The author provides all the background information needed to make a successful seaside garden, profiling more than 150 plants that thrive in coastal conditions and explaining specialist gardening techniques. Photographs show the gardens in their full glory, while Barbara Segall reveals the secrets behind the magic in her detailed descriptions.

I recommend this book for airy visions of windswept gardens ... you can almost taste the salt. Daily Telegraph Essential reading for anyone trying to garden under coastal conditions. Barbara Segall's practical text is accompanied by Jerry Harpur's inspiring shots. Independent on Sunday Barbara Segall shows just what amazing results can be achieved ... plenty of rich ideas for the picking. BBC Gardeners' World A fabulous source of inspiration. Sunday Telegraph

About the Author Barbara Segall is a well-known horticulturist and garden writer. Her work appears in a number of popular publications such as Gardeners World, The Garden, Kitchen Garden, Country Life, Your Garden and Country Living. She is also a regular contributor on garden subjects to the Times. She is editor of The Horticulturist, the quarterly journal of the Institute of Horticulture. Jerry Harpur photographs gardens and plants all over the world. He has contributed pictures to well over three hundred books and won awards on both sides of the Atlantic, including the Garden Writers' Guild Lifetime Achievement Award in 2001. He has a special interest in international garden design, which he has spent years photographing and researching.
