Lynn Karlin : Gardens Maine Style Daybook before purchasing it in order to gage whether or not it would be worth my time, and all praised Gardens Maine Style Daybook:

Lynn Karlin, photographer of our best-selling and award-winning Gardens Maine Style, has chosen her favorite photos half from the book and half new to illustrate this perpetual daybook. In addition to forty-four luscious shots of Maine gardens, there are informational sidebars about gardening, as well as space in which to write daily activities or use as a garden journal.
