**Vivian Swift : Gardens of Awe and Folly: A Traveler's Journal on the Meaning of Life and Gardening** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Gardens of Awe and Folly: A Traveler's Journal on the Meaning of Life and Gardening:

2 of 2 people found the following review helpful. THE TITLE SAYS IT ALL!By Margie B.Don't get me started about Vivian Swift and her joie de vivre which bounces off the pages of her latest book. It's charming, quirky, filled with fun and interesting unknown, at least to me, facts about the different gardens she showcases. Did I mention her watercolors? How about her sense of humor? Okay, I'm a fan, a big one.2 of 2 people found the following review helpful. Beautiful BookBy LucyVPAAnother beautifully done book from Vivian Swift. I have all of her books and wish she could write more of them. I'm always anticipating her next adventure. She does beautiful drawings and the book is well written.0 of 0 people found the following review helpful. A magical journey to some very special placesBy Suzanne MuirI buy numerous art books each year but, it is rare that one touches me as deeply as this one did. Both the painting and the prose transport the reader into a magical place outside of time. It is interesting to me that a whole other dimension can be created by viewing a garden through another person's eyes and artistic expression. Each of the

gardens presented is no doubt very special, but Ms Swift further enhances their appeal with her witty prose and vibrant watercolor. A delightful read!

Nine masterpiece gardens. Nine stories of grandeur, sorrow, disaster, triumph, discovery, and joy. From Scotland to Key West, from Brazil to Paris--even right next door--there is always something to learn about being human from a great garden.

"An engaging guide to gardens in locales ranging from Key West and post-Katrina New Orleans to Paris ('gardening capital of the world') and Marrakech . . . whimsical." Kirkus s "[A] seductive illustrated travelogue . . . there is loveliness and wit through whimsical words and pictures . . . Her splashy watercolors, washing joyfully throughout, include a lesson on how to paint fall leaves." Publishers Weekly "Charming . . . a voyage to nine gardens around the world and [Swifts] many adventures exploring them." Times-Picayune, Inside Out Magazine "Swift artfully combines history, humor and horticulture to recount journeys to nine magical gardens in different parts of the world . . . This delightful journal touches the heart and moves the spirit." - The Oregonian I probably cannot adequately convey how much I absolutely loved reading *When Wanderers Cease to Roam* . . . It's charming, delightful and captivating . . . A perfect gift for travelers, those with artistic souls, those with a sense of wonder, those who are hug-the-hearths--in short, nearly everyone on your gift list. Nancy Pearl, NPR.org, on *WHEN WANDERERS CEASE TO ROAM* "J'adore Vivian Swift--my favorite travel writer, my favorite travel doodler. This book is a little secret pocket of treasure and intimacy. Enjoy every careful and carefree detail!" Elizabeth Gilbert on *LE ROAD TRIP* Swift's narrative feels like a vacation . . . A fun, funny, and wonderful experience; highly recommended. Library Journal on *LE ROAD TRIP* About the Author Vivian Swift is the author of *When Wanderers Cease to Roam: A Traveler's Journal of Staying Put* and *Le Road Trip: A Traveler's Journal of Love and France*. When not traveling, she lives on Long Island Sound with her husband.
